

Steps for completing the Alnylam Assist™ Start Form via DocuSign

If you are unable to complete the Start Form with your patient present, you can begin filling out the DocuSign form and email it to your patient to complete.

- Step 1:** HCP initiates DocuSign option for the Alnylam Assist Start Form on www.AlnylamAssist.com.
- Step 2:** HCP enters his or her name and email address and the patient's name and email address.
- Step 3:** HCP completes all required fields on the DocuSign Start Form, including e-signature, and presses FINISH in the upper right-hand corner.
- Step 4:** DocuSign will send an email on behalf of the HCP to his or her patient with instructions to complete and sign the Alnylam Assist Start Form.
- Step 5:** Patient receives email from DocuSign explaining that a Start Form has been initiated by the HCP to enroll in Alnylam Assist services.
- Step 6:** Patient completes the required fields on the Start Form, including e-signature, and presses FINISH in the upper right-hand corner.
- Step 7:** DocuSign will email both the HCP and the patient a copy of the completed Start Form to confirm that the Start Form has been properly submitted.
- Step 8:** DocuSign will send the completed form to Alnylam Assist for processing.
