

Personalized support program for patients

As you begin your treatment with one of Alylam's products, Alylam Assist® will provide you with ongoing support

Alnylam Assist[®] is here to help

What is Alnylam Assist[®]?

The Alnylam Assist[®] support program offers you a number of personalized services throughout your treatment with an Alnylam product. This includes helping you understand your insurance coverage for your treatment and the options for financial support for which you may be eligible. Alnylam Assist[®] also will provide materials that may help start conversations with your doctor and family about your treatment.

When beginning treatment with an Alnylam product, your dedicated Case Manager will:

Reach out to you and your doctor within 2 business days after receiving a Start Form from your doctor

Help you understand your insurance coverage for treatment and explain financial assistance options for which you may be eligible

Work with your insurance provider to help you get started on treatment as soon as possible^a

Provide you with customized ongoing support throughout your treatment

^a The time from when a Start Form is submitted to the time when a first administration can occur may vary for each individual and will depend on factors such as insurance type, the hospital system, and the timely submission of necessary documentation.

Partnering with your dedicated support team

Case Manager

When you and your doctor choose to begin treatment with an Alnylam product, you will be partnered with a dedicated Alnylam Assist® Case Manager. Case Managers are experienced in helping individuals get started on treatment and providing ongoing support. They will tailor their level of contact based on your personal needs.

Your Case Manager can **help you understand your insurance coverage** and options for financial support based on eligibility, as well as provide you with educational resources.

To reach your dedicated Case Manager, call
1-833-256-2748 Monday–Friday, 8AM–6PM ET.

Patient Education Liaison (PEL)

PELs have backgrounds in nursing and are experienced in educating patients and family members about their disease. PELs can help you in a variety of ways, including providing disease and product education, connecting you to additional resources, and answering questions about treatment with one of Alnylam's products.

Getting started with Alnylam Assist[®]

Understanding your benefits

Your Case Manager will review your insurance coverage and answer questions about your insurance benefits for treatment with one of Alnylam's products.

Financial assistance^a

Alnylam Assist[®] provides financial assistance options to qualifying individuals. Your Case Manager will work with you to determine eligibility.^b

▷ I have insurance

- Our Quick Start Program provides up to 3 doses at no cost while you wait for confirmation of insurance coverage
- Our Commercial Copay Program enables you to pay \$0 out-of-pocket for medication and administration costs^c

▷ I'm uninsured or I do not have coverage for Alnylam's products

- Our Patient Assistance Program may be able to provide you with one of Alnylam's products at no cost

If you are not eligible for Alnylam's financial assistance programs, your Case Manager can provide you with information about other organizations that may be able to provide assistance.

^a Some state laws may restrict or impact some aspects of these programs. A Case Manager can provide additional information.

^b Individuals must meet specified eligibility criteria to qualify for assistance. Alnylam reserves the right to make eligibility determinations and to modify or discontinue the program at any time.

^c Patients with Medicare, Medicaid, or other government-sponsored insurance are not eligible for Alnylam's Commercial Copay Program.

Ongoing support

Our personalized level of support doesn't stop once you start your treatment with one of Alnylam's products. We'll continue to provide assistance throughout your treatment.

Disease and Product education

Education can help you make more informed choices about your health. Your Case Manager can connect you with an Alnylam Patient Education Liaison (PEL) who can answer questions about your disease and treatment as well as provide resources to help you and your family learn more about the condition.

Finding a Treatment Site

If needed, your Case Manager will work with your doctor to help find a place for you to receive your treatment, which may be at a hospital, treatment center, or at your home. Please note that home administration may not be covered by all insurance plans.

Monday–Friday, 8AM–6PM ET
